GEMaC
Groupe d'Étude
de la Matière Condensée

NEW WEBSITE FOR GEMAC

New, up-to-date and adjustable design suitable for all screen types (computer, tablet, mobile phone) as well as a updated structure based on targeted and accessible content.

The new website of GEMaC is released! A modern design and un updated content reflect the research dynamics of the laboratory and highlight its main purpose, which is to undertake fundamental research with perspectives of applications, in the fields of physics and materials science, in order to respond to major societal issues in the following areas:

- storage and processing of modern information
- green energy and high-efficiency optoelectronics
- power electronics.

Have a nice surf on www.gemac.uvsq.fr !
